October 1 2018

EVENTS (Client meeting) Requirements:

-

Discussed the process in which a user must take to book a room	- Student goes to librarian
	- Requests to book a room
	- Have their ID card scanned
	- Gets a key to the room
	- Upon leaving, return key to librarian and have card scanned again
Gathered Requirements	- Group must be between 3 and 6 students in order to book a study room
	- Must sign an agreement before being able to book a room
	- Must be a website so as to reach a wider audience and will be linked to Omnivox
	- Login must be done using studentId
	- Have an analytics page that will give insights on students per program, login per day, etc.
	- At the heart, have a calendar where the user can select a date and will be able to book

PLANNING

Work on the deliverable for the next meeting
