August 31 2018

EVENTS (Spoke with the professor):
- Convinced him to trust us with the library booking system
- Can officially start working on the library booking system

EVENTS (Mini team-meeting) (9am-9:15am):
- Divided the team into 2 groups: frontend and backend
- Rejoiced

Front-End members will have to learn:	React.js
	Sass
	Bootstrap
*****************************	*****************************
Back-End members will have to learn:	Node.js
	Passport.js
	MySQL
